

1. Definition

- What is Mixed Mode Teaching?
- Mixed Mode and Mixed Mode Lite
- Doing Mixed Mode or Mixed Mode Lite?

Mixed Mode Teaching

Teaching two groups of students **at the same time**

in-class students

online students

Mixed Mode Teaching

```
graph TD; A[Mixed Mode Teaching] --> B[Mixed Mode]; A --> C[Mixed Mode Lite];
```

Mixed Mode

- Conduct class activities for **both in-class and online students**
- In-class and online students participate in class **similarly**

Mixed Mode **Lite**

- Conduct class activities to **in-class students primarily**
- Online students has **limited interaction** in class

Mixed Mode or Mixed Mode Lite? Let's decide!

Scenario 1

Dr. Celine is going to teach a **course with 200 students without TA support.**

Mixed Mode

Mixed Mode Lite

Scenario 2

Prof. Brad checks that **40 out of 50 students will go online in the coming class**, only 10 of them will join his class physically.

Mixed Mode

Mixed Mode Lite

Scenario 3

Prof. Williams teaches a course with 50 students. **Peer interactions are crucial** in her course.

Almost half of the class committed to join in person.

She has **got a TA assigned** for the course.
