Mixed Mode Teaching Scenarios

Scenario 1

Dr Wan will teach a course with **200 students**, with **no TA support**.

Mixed Mode

**Mixed Mode
*Lite***

Scenario 2

A professor was informed that **40 out of 50 students would be attending his class online,** and only 10 students could physically come to attend the class.

Mixed Mode

**Mixed Mode
*Lite***

Scenario 3

Prof. Williams teaches a course with 50 students, **half of whom** can commit to attending the class physically.

Peer interaction is crucial in her course. And one **TA has been assigned** to the course.
