Reports & Executive Briefings

Online · Monthly

Monthly Executive Briefings and reports turn DEC research into frameworks for AI adoption. Members use them as working documents to guide their transformation.

Featured publications

- The Next Era of Assessment
- AI Skills Opportunity Map
- Designing AI for Collaborative Learning

02

Best Practices Collection

Member institutions share what works in the six domains where change is most urgent.

- Assessment & Pedagogy
- Curriculum & Learning Design
- Research & Innovation Practice
- Student Engagement & Support
- Faculty Development & Capacity Building
- Operational Innovation & Transformation

03 Global AI Surveys

Survey data shows how students and faculty use AI and where their concerns lie. Use it to benchmark your institution.

Latest surveys

- AI in Higher Education Global Survey 2026
- AI in Higher Education LATAM Survey 2026
- Global AI Faculty Survey 2025

04 Working Groups

Online · Quarterly

Members work with peer institutions across 11 themes. Each group produces frameworks and guides that all members can use.

Featured outputs

- Scaffolding AI in Teaching
- Beyond the Pilot: A Higher Education AI Roadmap and Action Guide
- The Online Course Excellence Toolkit
